

LANDON CONFERS WITH PINCHOT AS CAMPAIGN ADVANCES

Third Visit Made by Former
Pennsylvania Governor
To Topeka, Kansas

LANDON TO VISIT PENNA.

Nominee Departs Tonight To
Close Campaign In
State of Maine

TOPEKA, Kansas, Sept. 10—Starting on his campaign for the Presidency from now until election day, Governor Alfred M. Landon conferred today with former Governor Gifford Pinchot, of Pennsylvania, before launching his second invasion of the industrial east.

Pinchot came here to discuss plans with Landon for capturing the Keystone State, which holds up a tremendous majority for G. O. P. Presidential nominee, but which slipped into the Democratic column two years ago. It was Pinchot's third visit here.

Landon already has decided to make a trip in October. He will probably visit Pennsylvania cities on that trip.

The Republican nominee will depart tonight to close his campaign in Maine, with an address in Portland Saturday night. He will make platform appearances from his special train in Connecticut and Massachusetts on Saturday. Landon will also make appearances in New York and Ohio cities. Landon will start east tonight, confident of a Republican victory in Maine. Republican leaders have informed him that there will be a G. O. P. landslide that will not only give electoral votes to the Republican candidate, but also re-elect Senator Wallace White, and elect three Republicans to the House.

Jr. O. U. A. M. Scores Policies of New Deal

WILLIAMSPORT, Sept. 10—Charging that men in high public office are endeavoring to undermine the American system of government, the Junior Order United American Mechanics in its 77th annual State session here adopted a resolution pledging its membership to unwavering support of the Constitution and the governmental principles laid down by the founding fathers.

After recounting the rise of the Nation to pre-eminence in world affairs, the resolution continued:

"Adversity has visited us, and to be relieved of this calamity, men in high public office, by insidious and divers means, are attempting to subvert our faith and substitute plans and schemes which are a denial of those liberties under which the humblest man or woman found free expression of his divine rights."

It was asserted in the resolution that "under the guise of social justice, these leaders are substituting the European thought of modern times, and whether we classify it as Fascism or Communism, a dictatorship must finally prevail. We are opposed to a dictatorship no matter how benevolent, as we believe that democracy cannot survive in the same nation where a dictatorship prevails."

Another resolution unanimously adopted criticized the immigration policy of the Roosevelt Administration and urged adoption of the Reynolds-Starnes bill "to protect the interests of American labor."

SEIZURE OF POWER MENACES AMERICA

(New York American, September 9, 1936)

Former Senator James A. Reed, of Missouri, who contributed heavily to the election of President Roosevelt four years ago, has given an audience in Portland, Maine, his reasons for refusing to support Mr. Roosevelt for re-election.

These reasons encompass his great fear that Constitutional rights of American citizens HAVE BEEN IMPAIRED BY MR. ROOSEVELT, and regarding these rights he says:

"The rights we have under the Constitution are the product of centuries of suffering and travail by patriotic men and races of men through the long and bloody march down the centuries of time."

If the full significance of Mr. Reed's attitude is grasped by the people, those of them most favorably disposed toward Mr. Roosevelt must take stock of their opinions.

Senator Reed is an honest man, and an able statesman. A lifetime devoted to patriotic service entitles him to credit for sincerity.

He is known, AND RIGHTLY, to millions of American citizens for his unchallenged integrity and sound judgment.

When such a man says the re-election of Mr. Roosevelt would WORK AN INJURY TO HIS COUNTRY, the warning is impressed upon the minds of people who have never heeded any other critic of the President.

When such a man as Jim Reed is so thoroughly convinced in his own mind of the harmful effects of the Roosevelt Administration, intelligent citizens must give pause to their disposition, however strong, to ignore the reasons that have impelled him to that conviction.

It is FEAR that has turned Senator Reed from support of Mr. Roosevelt to determined opposition—FEAR FOR THE WELFARE OF HIS COUNTRY.

Mr. Reed feels, in the depths of his soul, that return of the Roosevelt Administration would do irreparable harm to America. He loves America, and fear for the SAFETY of the country he loves is in his heart.

MORRISVILLE TO WAR ON MOTORISTS AT FIRES

Warned Not to Approach
Closer Than 500 Feet of
Scene of Blaze

KEEP BACK OF APPARTUS

MORRISVILLE, Sept. 10—Orders have been issued to all fire police in Morrisville to make a rigid drive to stop autoists from approaching closer than 500 feet to a fire or a fire apparatus going to a fire in an effort to eliminate serious accidents which might otherwise result and to facilitate the fire apparatus to fight blazes.

The drive was launched when firemen, drivers, fire police, Fire Chief Frank Miller and Assistant Chief Cleveland Reed held a recent meeting at the Union Fire House in Morrisville.

Included in the orders to the fire police are instructions to take the number of automobiles which approach too closely and the drivers will be summoned before a justice of the peace and fined.

The practice of following the fire engines to fires is not only indulged in by Morrisville residents, but other cars from neighboring towns and Trenton have been guilty.

Chief Miller, in a statement warning the motorists, said that the practice of automobiles following fire apparatus has become so bad that it is often impossible for fire apparatus to move after reaching a fire. It also prevents other equipment from reaching a fire promptly and if it is necessary to remove an injured person from a fire to receive medical aid, the congestion might easily cause a fatality, the chief explained.

The State law of Pennsylvania provides that it shall be unlawful for the driver of any vehicle to follow any fire apparatus, traveling in response to a fire alarm, closer than 500 feet or to park such vehicle within 500 feet of where the fire apparatus has stopped in answer to a fire alarm. The law also provides that upon the approach of a fire apparatus, the driver of every other vehicle shall drive over to the curb, stop and remain there until fire apparatus shall have passed. Violation of the law is punishable by a fine of \$10 and costs or five days in jail.

REPUBLICAN WORKERS MEET IN SESSION HERE

Committeemen and Committeewomen and Dollar Certificate Solicitors Attend

MUCH INTEREST SHOWN

Committeemen and committeewomen of the 32 voting districts in lower Bucks County met in the Republican headquarters on Mill street, here, last evening, to discuss the progress of the campaign in their respective districts.

This meeting marked the formal opening of the headquarters here, and much interest and enthusiasm was displayed on the part of those attending, not only as to the suitability of the headquarters, but the interest being manifested in the Republican campaign in this section of the county.

The importance of the campaign to this, a manufacturing district, was stressed by the speakers who also emphasized the fact that the Roosevelt administration has placed an enormous tax burden upon the people and that communists have taken over the reins of government.

The experiments of the Roosevelt administration, the repudiation of the Democratic platform and the chaotic condition in which America finds itself, were all dwelt upon by the speakers.

A. Harry Clayton, chairman of the Bucks County Republican Committee, presided, and Edward Watson, secretary of the county committee, called the roll of the various districts. There was a goodly response, almost 100 per cent of the districts being represented.

Chairman Clayton, in his opening remarks, dwelt upon the progress of the campaign, and told of the intense interest being shown on the part of the citizenry, and the heavy demand for pictures, buttons and literature.

Joseph R. Grundy spoke briefly upon the national issues, and of their importance to this manufacturing and industrial community. Burgess Clifford L. Anderson was called upon as was also Thomas Scott, and Assemblyman Wilson L. Yeakel and Thomas B. Stockham.

Fail To Recover Body

Easton, Sept. 10—Chagrined at a United States Navy diver's failure to recover the body of 13-year-old William Cesare, West Bangor, from the deep waters of the abandoned Eureka slate quarry at Pen Argyl, authorities today cast about for new means.

The boy plunged into the hole Sunday, and all attempts to rescue his body have met with failure. The diver, attached to the Philadelphia Navy Yard, descended about 80 feet, when he decided that the pressure was too great. Quarry experts used dynamite, but this was also used without success.

Dies During Amputation

Bryn Mawr, Sept. 10—Fifteen-year-old William McCauley, Jr., died early today while he was undergoing a minor operation for the amputation of three fingers on his left hand.

Doctors at Bryn Mawr Hospital said the youth's heart gave out. Montgomery county authorities have started an investigation. The boy's fingers were crushed beneath a boulder late yesterday afternoon while he was swimming with companions at a quarry, near his home in Conshohocken.

Bucks Medical Society Honors Dr. L. S. Walton

Assembling at Washington Crossing Inn yesterday afternoon, members of the Bucks County Medical Society honored Dr. Levi S. Walton, Jenkintown, who for nearly a half century has practiced medicine and for that period of time has been affiliated with the medical society.

High tributes were paid to Dr. Walton during the course of the dinner, and a resolution of respect ordered spread upon the minutes.

Forty-one assembled for the affair, the gathering including society members, and their wives, as well as guests, these including: Dr. J. Harold Walton, Germantown, son of the famed physician; Dr. Elwood T. Quinn, Jenkintown; Dr. J. K. W. Wood, Willow Grove; Dr. Sumner H. Cross, Jenkintown.

A fried chicken dinner was partaken of, and the delicious meal was followed by addresses. Among the speakers were: Dr. John B. Carrell, Hatboro, who offered a splendid tribute to Dr. Walton, which resulted in the resolution of respect being spread upon the minutes; Dr. Quinn, Dr. Walton and his son.

Dr. Walter practiced medicine for nine years in Tullytown.

The business session which followed was presided over by Dr. H. Doyle Webb, president.

BRISTOL MAN AMONG FIVE WHO RECEIVE PAROLES BY COURT

Samuel Modica, Junk Dealer,
Serves Minimum Sentence
Under the Law

SABA MUST AID WIFE

Barnhart Given Parole On
Condition That He Take
Job On Farm

DOYLESTOWN, Sept. 10—A Bristol junk dealer, Samuel Modica, was yesterday granted a parole by Judge Calvin S. Boyer, at a session of miscellaneous court. Modica had served the minimum sentence on a charge of receiving stolen goods and buying junk from minors.

The defendant was sentenced July 6 to serve not less than two months. He was directed by the Court to pay the sum of \$20 and \$10 a month until the balance of his costs are paid.

In the case of Joseph Saba, of Bristol township, charged with non-support, President Judge Hiram H. Keller this morning directed that the defendant pay \$10 a week on the account of arrearages for four months, and \$15 a week until fully paid after that, when the former order will be re-instated.

Four other defendants who were granted paroles by President Judge Hiram H. Keller and Judge Calvin S. Boyer, three assured the Court they had jobs and one promised to write a letter from his home in Texas agreeing to stay out of Bucks county.

Charles J. Schumaker, of Willow Grove, who pleaded guilty to drunken driving and was sentenced to serve two months in the County Prison, was granted a parole by Judge Boyer because he will begin working today for a railroad as a painter.

Since he was committed to prison July 25, the defendant's wife and five children lost their home which was sold by the Sheriff. The children range in age from seven years to 13 months.

Judge Boyer directed that the cost be placed on the county.

Hitch-hiking his way north from Texas, Thomas Talley, who fell in with bad company in Morrisville was arrested and convicted of the larceny of a watch and sentenced to serve 30 days in the County Prison, was granted a parole by President Judge Keller.

The youthful defendant, one of America's army of thumb-jerkers, told the Court he had been in trouble a few times in Texas, once for staying out late.

Because the youth's mother has been flooding the office of Judge Keller with letters asking for aid for her because of her invalid condition, Judge Keller granted the parole on condition that the defendant leave for Texas at once and upon arriving in the Lone Star state write a letter to Sheriff Horace E. Gwinner assuring local authorities he was in Texas.

One of the letters contained \$2 to aid the youth on his homeward trek. He was warned by Judge Keller to be careful about picking up the right sort of companions enroute.

Serving three months and 15 days on a drunken driving charge, to which he pleaded guilty, George Willy of Yardley, a Negro, was granted a parole by Judge Boyer on condition that he procure employment with Mrs. White and remain sober.

Willy was also placed on a three year probation period and the costs were placed on the county.

The Negro is single and was described as an excellent worker.

Joseph Jackson, of Newark, N. J., colored, who is serving a one-and-one-half year term on a charge of larceny which involved the theft of materials from a railroad construction job, was refused a parole and the case continued until December, when his minimum term will expire.

Judge Boyer refused the petition on the ground that it would set a precedent and because he has several months to serve before the minimum expiration. He has been in previous trouble, having a former conviction.

Charged with violation of a parole, Albert Barnhart, Newportville, who is serving a term for larceny but was recommitted December 12, 1935, because he violated his parole, was granted a parole by Judge Boyer on condition that he take a job with a New Britain farmer and give up his former cronies.

Barnhart was sentenced July 17, 1933, for not less than two nor more than four years, and was paroled July 17, 1935. Following this period, the defendant made a mis-step and stole several pair of trousers and was again committed to prison.

Barnhart was placed on probation by Judge Boyer, who directed the costs placed on the county.

Sheriff Horace E. Gwinner was appointed probation officer in each case. Judge Calvin S. Boyer handed down the following opinions in a session of miscellaneous court Tuesday morning:

Robertson vs Stetson—Motion for new trial over-ruled and a new trial refused.

Wertz vs Hatman—Sur motion for judgment in favor of defendant n. o.

NEARLY A BUS A MINUTE

Ten years ago a trip by bus from the Pacific Coast to New York was enough of an adventure to be worth description in a column and a half of the New York Times. An article in last Sunday's Times told of the present proportions of bus travel from the metropolis to other cities. Buses leave New York each day at the rate of nearly one a minute. During the recent hot weather, outgoing passengers averaged 20,000 daily. Bus routes lead to all parts of the country. Nearly 24,000 buses are engaged throughout the United States in the inter-city traffic.

Since the days 15 years back when the "jitneys" pioneered in providing transportation, the buses have taken possession of the field. In a rapid transition, rates were lowered, time in transit decreased and the comforts of the passengers much increased. After several years of their operation over the long hauls between Kansas City and the Pacific Coast, "sleepers" are coming into more general use.

With the expansion of bus patronage, strings of hotels and restaurants sprang up along the routes. Many communities off the railroads in consequence have become lively little places. The coming of the bus ushered in changes in several large ways.

Everybody in any large city has seen the development going on which the assembled facts much more thoroughly describes. Its short history considered, bus travel would still seem to be in its infancy. Upkeep of smooth highways and continued cheapness of gasoline will be factors. Low fares thus far have attracted much the larger volume of the buses' patrons.

THE FOOTBALL

Once again the dull thud of the punted football resounds, and the modern than of the gridiron roots in the dust and mud. The grandstands are a riot of sound and color, and the cheering throngs worship the most popular form of modern heroism.

It is not so pretty a spectacle as baseball, in which every play stands out in clear cut relief. Half the time the football spectators can't see who has that dirty pigskin, and the finer strategy of the game is only guessed at.

But human nature does love a fight, and football is that kind of a conflict. We have changed the scenery and equipment of athletic as time has passed, but the football crowd is ruled by sentiments much like those that swayed the throngs 2,000 years ago in the amphitheatres of Rome, when the gladiators contended for the mastery. Football calls for strength, manual skill and brains, and athletes commanding these qualities will always be popular idols.

At this writing the heat of the campaign was being postponed on account of the weather.

POCKETBOOK FACTS ABOUT YOUR TAXES

LANDON HAS BALANCED KANSAS' BUDGET

Alf M. Landon's record as Governor of Kansas assures relief for the nation's taxpayers if he becomes President.

The State of Kansas has maintained a balanced budget. Its State Tax Commission was able to fix the rate of taxation against general property in August, 1935, at the lowest point in a decade. The 1935 rate was a reduction of more than 32 per cent from the peak of 1929.

In the first two years of his administration as Governor of Kansas the cost of State government was cut 22% below that of the previous two years. Simultaneously, the Roosevelt administration at Washington was increasing expenditures by 50 per cent.

GOV. EARLE PUTS PUBLIC SCHOOLS INTO POLITICS

Disrupts State Council of Education By Recent Action

NOT IN HIS PLATFORM

Set Up Appropriation Which Was Vigorously Protested

(Special to Courier)
HARRISBURG, Sept. 10.—Governor Earle, by disrupting the State Council of Education, has thrown the whole public school system of Pennsylvania into politics.

The Democratic party leaders thought so little of the schools that they did not once mention them in the platform on which Earle was elected.

Since Earle's election the schools have constantly been in hot water at Harrisburg, despite repeated assurances of good intentions made by Attorney General Charles J. Margiotti and the Governor himself, on occasion.

The Governor in his first budget set up an appropriation for school purposes which the State Education Association protested vigorously was \$6,062,418.75 less than had been appropriated by the previous Republican Legislature. The Association, in a special bulletin, warned the school directors of the State, that "an analysis of the educational items of the budget reveals that the amounts provided are not sufficient to carry on the present standards of our public school program."

That's the way Governor Earle started, and that's the way he has continued. For example, the State's only institution of higher education, Pennsylvania State College, had no proper restoration of the Governor's appropriation reductions—which would have well nigh put it out of business—through appeal to interested legislators of both parties. The Governor never has paid more than lip service to the schools. And now he has appointed to the Council of Education S. Forry Laucks, who is what President Roosevelt calls an "economic royalist," being one of the very wealthy manufacturers of York county and political henchman for Earle in that district.

Dr. Lester K. Ade, State Superintendent of Public Instruction, despite repeated efforts to present his Department from being entirely swamped by politics and his own reputation as an educator seriously damaged, has been compelled to yield to the demands of Guffey and Lawrence that he turn the whole education system over to them as an asset to the New Deal machine.

So hopeless is the situation in which Ade finds himself that months ago he applied for another post outside the State service, and would accept it if elected.

The morale of the Department is at low ebb. Nobody knows what the morrow may bring. Many of the best men in the service have been dismissed. More headed for the toboggan. The Governor's removal of the able and experienced members of the State Council of Education will put the Guffey machine into full and complete control of the whole school system, tying Dr. Ade's hands and making him the subservient tool of the most rapacious crew of political luccaneers Harrisburg has ever seen.

Earle's action is regarded by many as his deliberate reply to Governor Landon's plea for greater freedom in the schools. At least, his demand for wholesale resignations from the Council of Education came almost before the ink was dry on Landon's printed speech.

Members of the Council removed by Earle are nationally known in educational circles.

Dr. C. E. Dickey, Allegheny County Superintendent of Schools, is an outstanding educator who commands the regard of all who know him. His friends are bitterly resentful over Earle's action.

Dr. Weir C. Ketter, president of Grove City College, stands as high in college circles as Dr. Dickey does among public school executives. Dr. Ketter says without reservation that Earle's only motive in dismissing him from the Board is the Governor's desire to play politics with the schools.

Mrs. Alice F. Kiernan, of Philadelphia, is a pioneer in the Parent-Teacher movement and is given credit for having done more than any one person in the whole country to bring the parents of pupils and school teachers to closer relationships of thought and action. Mrs. Kiernan has given years of her time and ability to unpaid service in school work.

Dr. LeRoy A. King, of Narberth, professor of education in the University of Pennsylvania, has been a member of the Council for eight years and is an outstanding educator.

Educators are reluctant to express their indignation over Earle's actions, for fear of losing their jobs under the new political control, but not so State Representative Harry E. Trout, well known newspaper publisher of Manheim, whose interest in the public schools has been demonstrated all through his legislative career.

"Governor Earle violates no platform pledge when he attempts to turn control of the public schools of Pennsylvania over to his political friends, for those who framed the New Deal platform on which the Governor was elected thought so little of our schools that they made absolutely no mention of them," said Representative Trout, commenting on the Governor's demands for wholesale resignations from the Council.

"The Council was conceived as a non-partisan body for the purpose of constantly improving the schools and bringing them to new standards of efficiency," Chairman Trout continued. "So far as I have heard, there never has been a complaint against any of the high-minded, patriotic citizens whom the Governor now summarily removes from office for the evident purpose of replacing them with political friends, of whom Forry Laucks, Earle patronage dispenser in York county, was the first to be appointed. On the other hand, I have heard repeatedly of the devotion and ability of these Council members, all of whom served without pay and at sacrifice to themselves."

"This attempt to turn our public schools over to politics is in perfect harmony with the Governor's injection of politics into State institutions and his dismissal of hundreds of Mothers Pension Fund Trustees in order to replace devoted, experienced women with New Deal favorites."

"Politics now plays such a prominent part in school affairs it is common gossip about the Capitol that the Superintendent of Public Instruction has applied for an executive position outside of the State service and will accept it if he is elected."

"Every citizen with the good of the schools at heart will resent this presumptuous and unwarranted political raid on the educational system of the State, which is part and parcel of the New Deal scheme to make the educational system as subservient to politics as WPA, highway and other activities of the Earle administration have become at the Governor's orders."

"Many will regard this action as Governor Earle's answer to Governor Landon's plea for greater freedom in the schools."

FAVORITE RECIPES OF PENNSYLVANIA

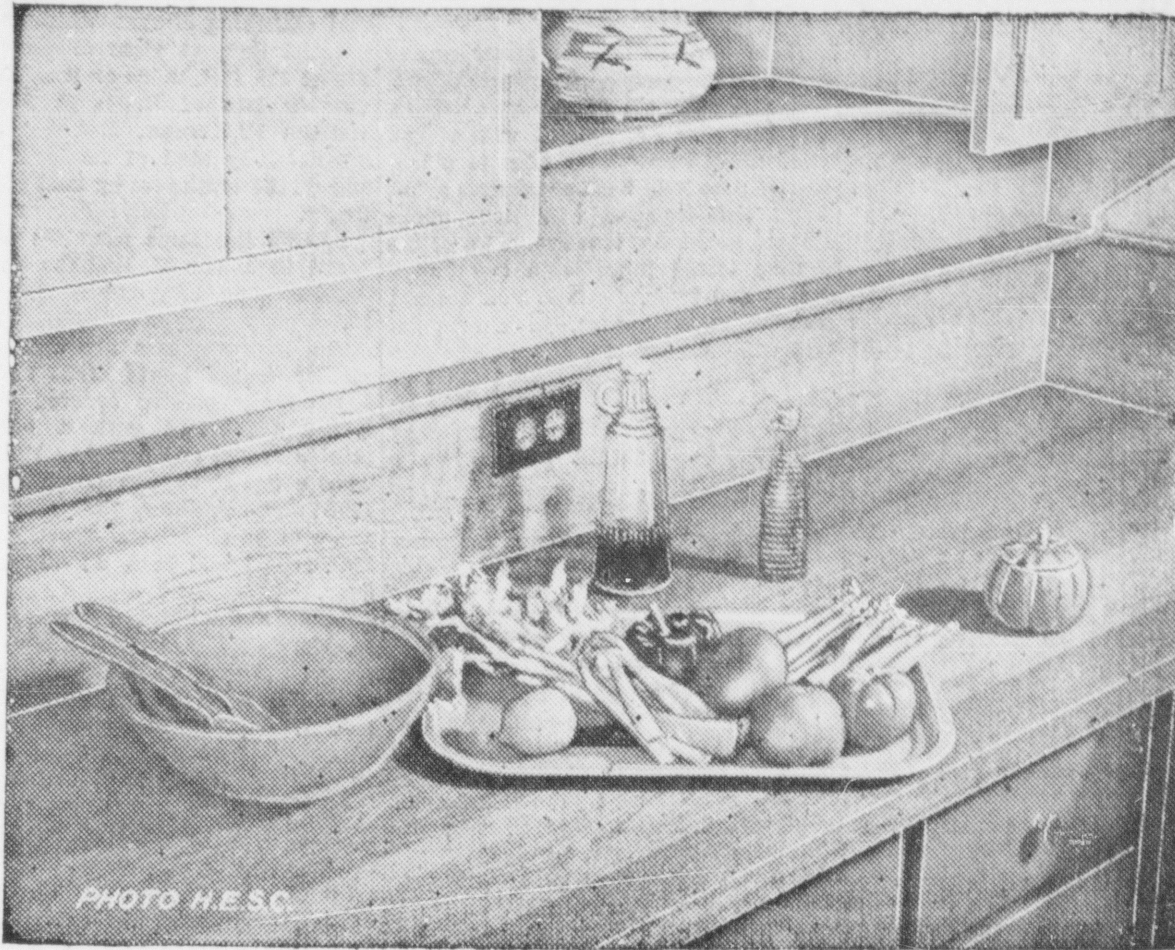

Women over the entire country are interested in what the other half of the country is serving. To satisfy this desire, the choice recipes from the Quaker state are being printed.

Vegetable Chowder
Four potatoes, three onions, four tomatoes, six strips bacon, three tablespoons flour, two teaspoons salt, two cups milk. Dice and cook the potatoes and carrots.

Fry bacon, remove from pan. Into the bacon fat put the chopped onion and cook to a delicate yellow. Add potatoes, carrots and salt. Heat milk to the scalding point. Mix flour with enough cold water to make a paste and add to the scalded milk. Add milk to vegetable mixture. Serve in large soup bowls and sprinkle with crisp bacon that has been broken into small pieces.

Moravian Cookies
Two cups shortening, two and one-fourth cups brown sugar, one quart dark molasses, eight cups flour, one tablespoon cloves, one tablespoon cinnamon, one teaspoon ginger, one-half teaspoon baking soda, dissolved in one teaspoon vinegar.

SALADS FOR HEALTH

The sunshine vitamins and nature's minerals are all perfectly blended in a salad bowl. Vegetable oils combined with nature's acid, the lemon, makes the best of salad dressings.

Sift the flour and spices together. Add sugar and mix well. Work in the shortening as one would for pastry. Add soda and molasses and mix thoroughly. Chill. Roll very thin and cut with fancy cutters. Bake in a moderate oven of 350 degrees F. for about eight to ten minutes.

Dutch Stewed Potatoes
Two cups diced raw potatoes, one tablespoon shortening, one-half teaspoon salt, dash of pepper, one teaspoon minced parsley, one onion sliced, two teaspoons flour.

Melt the shortening and cook onion in it about five minutes, or until a golden yellow. Add the salt, pepper, parsley and potatoes and cover with boiling water. Cook slowly until potatoes are tender. Thicken the potatoes with the flour which has been mixed with a little cold water.

Oatmeal Scrapple
Three pounds lean pork, one large bone, one pound oatmeal, five teaspoons onion juice, five teaspoons salt, one and one-half teaspoons pepper.

Put pork and bone into a large kettle and cover with water. Cook until meat will fall apart. Run meat through a coarse food chopper and return to liquid that has been strained. Stir in oatmeal and seasonings. Cook slowly for one hour, then pour into bread pans to cool. When ready to cook cut into thin slices and fry until crisp and brown.

Shoe-Fly Pie
(Molasses Crumb Pie)
One-half cup molasses, one egg yolk, well beaten; one-half tablespoon soda, dissolved in three-fourths cup boiling water. Crumbs, three-fourth cup flour, one-half cup brown sugar, two tablespoons shortening, one-eighth teaspoon nutmeg, one-eighth teaspoon of ginger and one-eighth teaspoon cloves, one-half teaspoon cinnamon, one-fourth teaspoon salt.
Combine the ingredients for the crumbs. Blend liquids. Line a pie pan with pastry and fill with alternate layers of crumbs and liquid. Top with crumbs and bake in a hot oven of 450 degrees F. for ten minutes. Reduce heat to 325 degrees and bake until firm.

Frozen Cheese
One-fourth cup chicken, one-fourth cup tongue, six ripe olives, one-half cup cottage cheese, one-fourth cup Thousand Island dressing and one-fourth cup of whipping cream; lettuce and French dressing.
Mix together the chicken, tongue, ripe olives, cottage cheese and Thousand Island Dressing. Fold in the cream that has been whipped to a custard consistency. Pack into a refrigerator tray and freeze until solid. Serve in cubes on a thick slice of tomato with French Dressing.

about it. Try the treatment that has
and millions to reduce excess
fat.

There's a reason why so many
people find dieting slow and often
messy in reducing. The reason,
doctors say, is often because a little
gland is not working right.

All the blood in your body goes
through this tiny gland sixteen times
every day. If it doesn't pour into the
blood stream about one and one-half
drops of vital fluid every 24 hours,
many people take on ugly fat. This
fluid helps Nature to "burn up" excess
food and fatty tissue in much
the same way as a good "draft" acts
in a furnace.

Now, physicians combat this con-
dition by feeding this gland the sub-
stance it lacks — and millions of
pounds of excess fat has been wiped
out in this way.

Marmola Prescription Tablets are
based on the same method used by
doctors. So don't waste your time or

SEIZURE OF POWER MENACES AMERICA

Continued from Page One

Any consideration less than this would have left him silent.

His faith in Mr. Roosevelt was once so great that he urged Roosevelt's election as President upon his countrymen.

If his difference with Mr. Roosevelt now was only a matter of politics or policy, he would logically hold his peace.

Only the fact that HE BELIEVES AMERICA IS IN DANGER could have made Jim Reed raise his voice against the man who is in the White House today largely because he told the country it would be wise to put him there.

The foundation of his fear is in words uttered by the President himself.

In a message to Congress in January, Mr. Roosevelt frankly admitted his Administration had in 34 months built up new instruments of public power, saying:

"In the hands of political puppets of an economic autocracy, such power would PROVIDE SHACKLES FOR THE LIBERTIES OF THE PEOPLE."

Senator Reed knows such power COULD NEVER BE LEGALLY ACQUIRED BY ANY MAN under any American law, and that when it exists IT HAS BEEN USURPED.

He knows further that any President capable of assuming unto himself the power TO PROVIDE SHACKLES FOR THE LIBERTIES OF THE PEOPLE is a menace to his country.

RECIPES

New and Appetizing Salads

Occasionally one is able to find "something new under the sun," and here are some of the most recent "finds" in the world of salads.

Louisiana Salad

Marinate cooked rice in a highly seasoned French Dressing. Drain well and pack into an individual mold. Chill thoroughly. When ready to serve, turn out on a lettuce leaf and garnish with peeled and quartered tomatoes, and dill pickle slices. Green pepper may be used in place of the dill pickle. Serve with a Creole Dressing.

Creole Dressing

To one cup of mayonnaise, add one tablespoon of finely minced tongue,

one tablespoon finely chopped ham, one teaspoon chopped parsley, one-half teaspoon onion juice, and one tablespoon chili sauce. Serve with any bland salad, such as potato, rice or macaroni.

Republican Workers

Meet in Session Here

Continued from Page One

Included in the group at the meeting were those who have been active in the "Dollar Certificate Campaign," and to these Miss Eleanor D. Worthington, chairwoman of the "Dollar Certificate Campaign" in Bucks County, spoke. Miss Worthington told of the progress of the drive, the generous response on the part of the people, and the cordiality and courtesy with which the solicitors are being received. Reports of the progress of the drive were made by a number of solicitors, and captains, including Mrs. Frederick L. Kraft, Bristol, and Mrs. George Garretson, Edgely.

One solicitor reported that three Democrats had contributed to the Dollar Certificate Campaign and another solicitor stated that a resident of

Florida had joined the campaign while visiting in Bucks County.

The headquarters were attractively decorated with the national colors, pictures of the Republican candidates, and sun-flowers. At the conclusion of the meeting, a buffet luncheon was served.

HELP 15 MILES OF KIDNEY TUBES

To Flush out Acids and Other Poisonous Waste

Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passages with smarting and burning shows there may be something wrong with your kidneys or bladder. An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, lumbago, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills. Advertisement.

BOXING PATRONS SEE SENSATIONAL SHOW AS CROYDON ARENA OPENS; SIX OF THE BOUTS END IN KNOCKOUTS; DONOFRIO WINS

(By T. M. Juno)

Those boxing patrons who jammed the Croydon Arena last night to witness the amateur boxing show conducted by the Daggert Boxing Club, under the match-making of Mickey Giordano, were treated to one of the most sensational shows ever witnessed in kayoes and several of these were surprise knockouts, unexpected by the large gathering.

Perhaps the most outstanding upset of the night was in the wind-up, when Frank Donofrio, Middle Atlantic light-heavyweight champion, scored a technical knockout over Dan Snyder, Sun Village, Middle Atlantic heavy-weight champ. Donofrio was given the bout after he opened a large gash over Snyder's eye in the final session.

Previous to the winning blow, Snyder had staged a rally and floored Donofrio with a vicious body attack, but the Seymour ace was up at the count of nine and sailed into Snyder with a two-fisted attack and opened the cut on his opponent's eye. Donofrio was credited with the first two rounds of the bout but the knockdown by Snyder in the last session about evened matters.

Chet Castor, Bristol's 112-lb aspirant to the Middle Atlantic championship, took another step up the ladder when he kayoed his foe, Carl Moss, Wharton, after one minute and 23 seconds of the first round had elapsed. Moss used a left jab to keep Castor away at the start, but like a wild tiger, Castor sprang at his antagonist, and peppering him with a volley of hard rights and lefts about the mid-section, put an end to the battle.

Stepping out of his class proved fatal for Hokey Leighton, Rescue Squad mittman. Leighton tangled with George Shull, Burlington youth and winner of the Camden Regional Tournament. Leighton matched his opponent punch for punch for a round and a half, but sensing an opening about the middle of the second session, Shull planted a solid right to the Croydon youth's jaw and it was the curtain for him.

James Generale, Daggert, now knows how it feels to be kayoed for the full count. The Daggert gloveman was on the receiving end of two hard rights from the paw of Harry Graber, East Side. The first staggered him and the second laid him out for the full count. It was Generale's first knockout in his amateur boxing career.

For almost three rounds, Harry Abbott, Seymour, weathered the heavy bombardment of blows dealt him by William Crawford, Daggert. But in the final round he was sent to the canvas three times before Referee Eddie Morris decided that he had had enough, and to stop him from further injury awarded the fight to Crawford on a technical knockout.

A hard smash to the solar plexus by Joe Sankey, Middle Atlantic 160-lb champion, proved to be the winning punch which laid out Dick Donahue, Arena. The knockout blow came after one minute and 14 seconds of the second round and until that punch, Donahue was piling up a large margin of points on the champ. Sankey absorbed Donahue's blows to get in the harder socks of the match.

Three bouts went the limit. Carman Volio's victory over Frankie Sturges,

AMATEUR BOXING Last Night's Results

Heavyweight class: Frank Donofrio, Seymour, scored a technical knockout over Dan Snyder, Sun Village, in the third round.

147 lb class: Harry Graber, East Side, finished James Generale, Daggert, in the first round.

126 lb class: William Crawford, Daggert, scored a technical knockout over Harry Abbott, Seymour, in the third round.

135 lb class: Al Pierce, Wharton, lost the decision to Bob Winters, East Side, in three rounds.

126 lb class: William Mims, Wharton, was beaten by Karl Schmead, Nativity, in three rounds.

147 lb class: William Donnelly, Daggert, won the decision over Charles Lang, Holland, in three rounds.

160 lb class: Richard Donahue, Arena, was knocked out by Joe Sankey, Germantown Boys' Club, in the second round.

112 lb class: Chet Castor, Daggert, knocked out Carl Moss, Wharton, in the first round.

118 lb class: Hokey Leighton, Rescue Squad, was stopped by George Shull, Seymour, in the second round.

118 lb class: Carmen Volio, Seymour, won the decision over Frank Sturges, East Side, in three rounds.

East Side, was so close that the crowd booed for several minutes. James Donnelly and Charlie Lang, Holland, hit each other all over the ring and did quite a bit of wild swinging, with Donnelly getting the verdict. In a bout in which most of it was a direct exchange of blows, Karl Schmead, Nativity, was given the nod over the colored William Mims, Wharton. Schmead was wobbly in the second but finished strong. The Al Peirce, Wharton, and Bob Winters, East Side, was more of a burlesque than boxing match, with Winters declared the winner.

The next show will be held next Wednesday night. Officials were: Announcer, Mickey Giordano; referee, Eddie Morris; timer, Frank Palermo; judges, Ford Lilly and John Johnston; clerk, Joe Palermo; physician, Joseph Laddo.

FOOTBALL CANDIDATES TO BEGIN PRACTICE

All candidates for the St. Ann's A. A. football team are requested to report to the St. Ann's clubhouse, tomorrow night at eight o'clock. Preparations are now being made for the opening game and the officials in charge wish to get a view of approximately the average weight of the team.

Tentative games have already been arranged with Frankford, Doylestown, Lambertville and Holmesburg.

The team will practice for the next two weeks and probably open its season September 17th.

DOUGHERTY GLOOMY OVER TEAM'S PROSPECTS

(By Louis Tomlinson)

Keeping up with Gloomy Bill Dobie, famous coach of Cornell in years past, Coach Bill Dougherty of Bristol continues to paint a pessimistic picture of his Cardinal and Gray eleven for the forthcoming season. By his yearly gloomy predictions Bill has actually won the title of "Gloomy Bill" Dougherty.

This will be the fifth year for Bill at Bristol and in his four previous seasons he has won the Lower Bucks County championship each year. Therefore the Cardinals will once again enter the competition a defender of their laurels; and with gloomy prospects looming at Bristol, the crown may change hands for the first time in many years.

And yet, who can deny "Gloomy Bill's" pessimistic outlook for the ensuing year when one looks over the material he has to work with this season.

In the first place the squad is, as usual, light with a team average of 145 pounds or less. Add to this the fact that practically all of the reserves have had little or no experience in gridiron wars and some of the varsity haven't had much experience. A glance at the backfield will bear out one statement in which we find but one started from last year's team in the line-up this year. At the same time

only three line men in this year's squad were last year's starters.

Moreover, this year's team lacks the speed of last year's champions which is a big handicap. Because they are lacking a dependable leader, as Dom Sagolla, last year's signal barker is now an alumnus, makes a winning combination hard to mold. In the line the ends are good but the rest of it is inexperienced.

Most of the team is composed of Freshmen and, as aforementioned, are inexperienced. Most promising among the Freshmen "recruits" are big Danny DiMidio and Jack Louder of last year's Jay Vees. The former will be faced with the tough task of filling Joe Conti's big shoes at full back and will be looked upon to do most of the kicking. The latter is an end and is coming along rapidly. The only dependable passer this year is Harry Banroth, since Punk Zefferi left last year.

Put all this together and what have you got? A delirium—nothing but a pessimistic outlook for the prospective future, and rapidly approaching season. How could you have anything else? No wonder Coach Dougherty is pessimistic "Gloomy Bill."

No less than 70 candidates, less than was expected perhaps, nevertheless a large squad, turned out for the initial preliminaries. On Friday, with the aid of his able assistants, the Coach reduced the squad to 44 men. However, he will recall many to form a fifth team this week.

Last year, with a light but fast team, the Coach came through with an 800 percentage, which is not bad. However, this year "Gloomy Bill" will consider a 300 season a good year, or 500 an excellent one, and if they exceed that mark it will be an extremely successful season.

With a tougher opener in Abington, a top-notch club in suburban Philadelphia, followed by a revenge-seeking Doylestown squad for last year's defeat, their first in 11 years, handed them by the locals, plus an extremely tough opposition in North Coventry, Bridgeport, Morrisville and Burlington, the latter two ardent rivals, and very much improved Langhorne, Fallsington, Bryn Athyn, and Quakertown elevens, Bristol will certainly have to step, indeed, even to win one game.

Among the men Bill will depend upon to get a victory or two salvaged from the wrecked hopes, are: Harry Bau-

roth, Shorty Phillips, Tony Orazi, and Danny DiMidio, backs; and Phil Carnvale, Wilbur White, Carm Mignoni, Carm Gullatto, Jess Van Zant, Harry Hinman and Mill Mignoni, line men. That will probably represent the Bunnies on the gridiron this year. Among the reserves on whom the Coach will depend for replacements, are: Francis Abbott, Francis O'Boyle, Leon Chiliele, Mel Fry, Jack Louder and Pete LeLuca, line men; and Tom Collier, Jim Wollard and Frank Palumbo, backs.

Coach is very ably assisted with the large squad by Joe McGuire, of Syracuse University; Bruce Guillard, former Penn State luminary; Erny Orazi, and Dom Sagolla, Bristol alumni; and Walt Tomlinson, undergraduate, aiding him.

which is about 50 by 60 feet, with plans for future expansion, is about completed, although no starting date has been announced.

The merchandizing line has also witnessed a promising increase during the past few months. Something new and unique is promised by Mark Granite who purchased the Keller Building, formerly known as the Wyncoop building. The building is now being extensively remodeled. A barber shop will be located in the basement of the building and the upstairs is being fitted into a fine office suite, while the first floor will be occupied by what Mr. Granite says he hopes "to make

the best known country store in America." It is proposed to sell everything from a paper of pins to libraries in this establishment when it formally opens.

Still further in the merchandizing line, in which Newtown has been an important center for years, are other new stores. Two of these may be called new stores in old stands, while the third is entirely new.

What has been traditionally known as the "Middle Store" for half a century, where for two generations Evan T. Worthington kept a miniature John Wanamaker store and served a wide constituency, has been sold by Mr.

Worthington, because of advancing age, to William Steinman. The new owner had the property completely remodeled for the opening last Wednesday.

A little further south on State street finds a new hardware store that was opened on Monday. William F. Swayze, who has conducted a small hardware store in connection with his plumbing and heating business, has sold the hardware end to Marvin Keller, who is putting in a complete line of new and staple hardware products and paints. Mr. Keller is one of Newtown's leading mason and concrete contractors.
